\* No Medicare/private health rebates are available for provisionally registered psychologists.

Any cost variations to fees charged at Milestones must be approved by consulting psychologist. If you are experiencing financial hardship, please let reception know and they will discuss with the relevant clinician.

Payment is required at each session, and any written reports will only be released following payment of the relevant fee. Please note that reports are charged separately to session fees, for example, a typical psychometric assessment will require four sessions of assessment (\$900) plus a long report (\$575), for a total charge of \$1475.

#### **Private Health Insurance**

Some health insurance policies cover counselling depending on the policy. Please check with your insurance company as to what cover you are eligible.

#### **Medicare Rebates**

Under the Medicare Benefits Schedule (Better Access), Medicare rebates are available to clients with an assessed mental disorder. Medicare rebates are accessed with a Mental Health Treatment Plan and referral from a medical practitioner, psychiatrist, or paediatrician. The rebate is limited to 10 sessions per calendar year and only available with a valid referral. Please note the maximum number of sessions per referral is 6 and rebates will not be given beyond the number stated on the referral.

#### **Cancellation Policy**

If for some reason you need to cancel or postpone your appointment, please give at least 2 business days notice – full fees will be charged for all No Shows to an appointment. This no show or late cancellation fee will need to be paid on or before your next visit. Please make every effort to notify the practice if you are unable to attend an appointment - there are often other clients waiting for appointments, and it would be appreciated if other clients could be given the opportunity to come in. To cancel or rearrange an appointment, please call or email reception (details above).
